Walking Tall in Assisted Living: Your Guide to Falls Management in Wisconsin

This manual includes a variety of important guidelines, worksheets, data forms and resources for your use and reference while designing a fall prevention program that best suits your facility. This resource is a MUST-HAVE for any facility in need of creating or evaluating a falls management program. This Falls Management resource is designed to give managers, nurses and other Assisted Living care staff background information about falls, while stressing the importance of having a Falls Management Program in place.

WALA's CBRF & AFH Introductory Administrator Course

Session Dates & Locations:
River View Lodge, Stevens Point:
September 28-29, 2010

Avalon, Madison:
October 19-20, 2010

CBRF & AFH Introductory Administrators Course

Course Details

The business of operating a CBRF or an AFH is complex. One must have a comprehensive knowledge of all areas of operations such as budgeting, assessments, care plans, staffing, regulatory compliance and most importantly quality of care for your residents. This course is designed to provide administrators with a foundational understanding of operating a CBRF and AFH as well as provide you with the tools that you need and the state demands to be successful as an administrator in assisted living environments.

This course will follow the progression from setting up a CBRF or AFH to admissions and care evaluations. This course will address pertinent regulations and processes, and will include checklists, forms and other practical take-home tools in a notebook and on CD-ROM.

Course Topics

- Financial and Budgeting
- Staff Development
- Standard Precautions
- Abuse/ Neglect
- Survey Process
- Pre-Admission Assessments
- Admission Assessments & Plan of Care
- Care Evaluations & Conferences
- Changing Conditions & ISP reviews

Who Should Attend?

Anyone who has an interest in operating a CBRF or AFH. Experienced administrators will find benefit and value in this course as a refresher to the concepts and theories in daily operations as well as a great opportunity to network with those in their field.

Attention!

This course is NOT designed to meet the new DHS 83.15 department-approved administrators Course for CBRFs. WALA will issue a discount voucher for those taking this class to attend the future approved course from WALA when it becomes available.
